This Acknowledgement Receipt evidences receipt on the noted date by the USPTO of the indicated documents, characterized by the applicant, and including page counts, where applicable. It serves as evidence of receipt similar to a Post Card, as described in MPEP 503.

New Applications Under 35 U.S.C. 111

If a new application is being filed and the application includes the necessary components for a filing date (see 37 CFR 1.53(b)-(d) and MPEP 506), a Filing Receipt (37 CFR 1.54) will be issued in due course and the date shown on this Acknowledgement Receipt will establish the filing date of the application.

National Stage of an International Application under 35 U.S.C. 371

If a timely submission to enter the national stage of an international application is compliant with the conditions of 35 U.S.C. 371 and other applicable requirements a Form PCT/DO/EO/903 indicating acceptance of the application as a national stage submission under 35 U.S.C. 371 will be issued in addition to the Filing Receipt, in due course.

New International Application Filed with the USPTO as a Receiving Office

If a new international application is being filed and the international application includes the necessary components for an international filing date (see PCT Article 11 and MPEP 1810), a Notification of the International Application Number and of the International Filing Date (Form PCT/RO/105) will be issued in due course, subject to prescriptions concerning national security, and the date shown on this Acknowledgement Receipt will establish the international filing date of the application.

INFORMATION DISCLOSURE STATEMENT

Sir:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98, the Examiner's attention is directed to the documents listed on the enclosed Form PTO-1449. A copy of each of the listed Japanese references, together with English-language Abstracts therefor, is also enclosed.

JP 2002-316733 has been cited for its disclosure of a curved path. However, this reference is not understood to teach or suggest the invention as recited in each of the independent claims.

JP 5-147764 discloses to nip an envelope fed out by a pair of rollers to expel air from inside the envelope. In JP 5-147764, the pair of rollers squeezes the swelling portion,

but this will cause wrinkles in the envelope or even possibly break the envelope. The reference does not disclose, as recited in claim 11, at least the feature of a rotary member arranged away from the transport guide by a predetermined distance to adequately press the swelling portion occurring in the envelope. Nor does it disclose or suggest the feature of ribs as a regulation member to press a swelling portion in an envelope, as called for by claim 17. JP 5-147764 merely discloses a pair of rollers.

It is respectfully requested that the cited information be considered by the Examiner and that an initialed copy of the enclosed Form PTO-1449 be initialed and returned indicating that such information has been considered.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

/Lawrence A. Stahl/
